Berlin, July 2024

INVITATION

Global Convention of the Progressive Alliance

5 – 6 October 2024, Santiago, Chile

Dear comrades and dear friends,

It is with great pleasure that we invite you to the Progressive Alliance Global Convention on 5 – 6 October 2024 in Santiago, Chile. We are honored that our host is the Socialist Party of Chile (PS), currently part of the progressive government of President Gabriel Boric. The PS is a party that has a long tradition and leadership on authoritarian resistance, social justice struggle and international solidarity.

At the Convention, we will open our strategic discussion with the leaders of our political movement from around the world on the most consequential issues of our time: protecting democracy, economic and social progress, solving climate change, securing peace, and promoting gender equality. Together, we will direct the international programme of the Progressive Alliance that require our coordinated, coherent and future-proof global solutions to persistent problems.

It is no longer in doubt that we are seeing a multipolar world taking shape. Old strategic partnerships are seeing strains and new regional and global alliances are being formed. It is critical that as this new order takes shape, democratic movements and progressives proactively engage and build its forces and alliances to shape the direction of a multilateral future characterized by cooperation around internationally accepted values. At the Convention, we will strengthen existing cooperation and forge new ones to unite our movement towards a realizing our agenda for transformation that guard against the undermining of our values, erosion of trust and even more polarization.

As we position ourselves to influence the creation of alternatives for a progressive 21st century, we will build up our leadership and revitalize our global network. A review of the Guiding Principles and Charta of our Alliance is important to make our organization fit for the future. With members and associate partners from all continents, we will redefine our strategy for the coming years, reinforce our structures, and elect the new Board. With these critical tasks at hand – forwarding programmatic responses, renewing solidarities, institutional reform, and new leadership – we cannot emphasize more the importance of your participation in the Convention.

Please register your delegation not later than 1 September 2024 using this [Registration link](#). This online registration system will automatically close after the deadline. We aspire to have a gender-balanced participation in all Progressive Alliance activities so we ask you to take this into account when registering your delegation.
